I do not have all of that material, including the letter.

Dave received this from Donna Myers at the GS.

Thanks. Do you have the USGS appendices and the letter of transmittal from USGS?

Please review these tables. They need to be incorporated into the final report that will go out today.
If I do not hear back from you by 7:15 EST tonight, I will assume you concur.
Thanks,
Cindy

As you requested, the QA team has reviewed the data in the tables. Results for phase III and IV were reviewed against the lab reports, and results for phase V were reviewed against the final version of the spreadsheet sent out by Cindy this morning. As you requested, the changed tables are attached.

Rick, please review.
